Install myself

Day 1: Introduction

Dualism and Splitting

Many for being more,
systems,
transfers,
language and 2D systematic

*We will discuss online or on the phone with Borderline experts,
read basics in Hegel's Dialectic, talk about love as a mean of non-seperation,
ask love experts & a lot more¹*

Day 2: Meta & Physic

Contain	Globes, Domes, Systems
Fill	Body, Space, Density

*We will look for the best images of domes and compare them with other meta
structures, look at hegemonial represents of power and draw fences
Afterwards everyone has to sweep on one's own side of the base, struggle for space
and try to expand substantial. We will look at relation & a lot more²*

Day 3: excursion: Repeating, Inertia and Fractal

Loop, Lines, Dimensions

*We will look at the locked-in-syndrome, authism, talk on ice and the absolute zero,
air, dynamics, presence. We will have contact to diverse experts, regard burial
practice, mathematic rooms & a lot more³*

Day 4: Analogy, Symmetry

*We will step deeper into linearity, mirror on diverse levels, draw lines in between
and We will try to figure out, what happens in between conductor plates & a lot
more⁴*

¹ Reference Material Day 1

² Reference Material Day 2

³ Reference Material Day 3

⁴ Reference Material Day 4

We will find symmetry in extro- and intro-Systems with switched linear constants

Day 5: Intern / Inter

Fractal steps to 1 -> ∞

We will atmospherical keep inside and try to become a monade, shutting windows and door, cut onions and count scarves & a lot more⁵

Day 6: Trans / Extro

Fractal steps to ∞ -> 1

We will examine zentripetal systems, have a look on gravity from one side, inform us about the latest trends, probe scenarios, call our psychiatrist and put a Menthos into Coke & a lot more⁶

Day 7: 1

Dénouement

We will combine what we 've got, use a lot of glue, & a lot more⁷

⁵ Reference Material Day 5

⁶ Reference Material Day 6

⁷ Reference Material Day 7
